STOCKS.
New York, July 23.—Bar silver, 62½.
Copper—Dull; lake, \$9.10.

Lead—Firm domestic, \$3.10.
The moving influence in share speculation today was the disclosure of a discrepancy in the books of the A. T. & S. I. R. company, resulting from Expert Little's examination of the company's accounts. The discrepancy in income was shown to be \$7,000,000 by not properly charging rebates on books. The effect on the general stock market was disastrous, and there was a heavy selling of the shares of other companies under suspicion of pursuing similar bookkeeping devices.
